

Paul Duncan  
Green Machine Adventure Flights

Dear Paul

**FM 104.7 Skyfire 20**  
**Saturday 15<sup>th</sup> March 2008**

On behalf of Canberra FM Radio and BDW Special Events, Lisa and I would like to extend our sincere thanks to you for your generous support and assistance with FM 104.7 Skyfire 20.

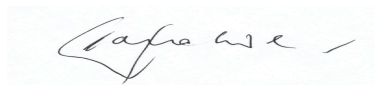

As you are aware, Skyfire requires a massive team effort to mount successfully. We have sincerely appreciated your invaluable contribution as part of that team.

The 20<sup>th</sup> Anniversary was celebrated in style with our pyrotechnic experts once again displaying their explosive magic over Lake Burley Griffin. The Green Machine Adventure Flights aerial display certainly gave the crowd a thrill and contributed enormously to the excitement of the event.

Despite the heat Canberrans turned out in full, which resulted in crowd numbers estimated to be in excess of 130,000.

Thank you very much once again for working with us to create a signature event for Canberra and one that Canberra FM Radio can be very proud to brand 104.7.

Yours sincerely

Paul Donohoe
